

- 582 One-stage treatment of aortic coarctation associated with coronary heart disease, ascending aortic aneurysm, and aortic valve stenosis with an extra-anatomic ascending-descending aortic bypass**
C. Kühn, O. E. Teebken, B. Gohrbandt, J. Lotz, M. Karck, and A. Haverich
- 583 Aorta-coronary graft anastomosis marker: More than 30 years of experience**
C. F. Nunes and H. Bolooki
- 585 Detection and treatment of complete vascular ring in an elderly woman with dysphagia**
A. Muto, T. Nishibe, Y. Kondo, M. Sato, and M. Ando
- 587 Acute aortic dissection with coronary ostium involvement and aortic valve regurgitation: Three-dimensional visualization with multislice computed tomography** 
G. M. Feuchtner, T. Schachner, G. Friedrich, H. Antretter, J. Bonatti, and D. zur Nedden
- 589 Effectively treating ischemic mitral regurgitation with chordal cutting in combination with ring annuloplasty and left ventricular reshaping approach**
H. Yamamoto, Y. Iguro, R. Sakata, K. Arata, and G. Yotsumoto
- 591 Marked foreign body reaction and thrombus formation after transcatheter closure of a patent foramen ovale**
H. W. Schuchlenz, S. Mannweiler, and D. Martin
- 593 Intraventricular rerouting for transposition of the great arteries with posterior aorta: Ventricular septal defect creation and total resection of the infundibular septum**
N. Ishibashi, M. Aoki, M. Watanabe, H. Nakajima, H. Aotsuka, and T. Fujiwara
- 595 Left atrial decompression by percutaneous cannula placement while on extracorporeal membrane oxygenation**
A. M. Hlavacek, A. M. Atz, S. M. Bradley, and V. M. Bandisode
- 596 Robot-assisted endoscopic excision of left atrial myxomas**
D. A. Murphy, J. S. Miller, and D. A. Langford
- 598 A minimally invasive surgical treatment for inappropriate sinus tachycardia**
D. Kreisel, M. Bailey, B. D. Lindsay, and R. J. Damiano, Jr
- 599 Successful aortic fenestration to treat prolonged motor paralysis of the lower extremities after repair of type A aortic dissection** 
L. Miele, D. J. Eschelman, S. McNulty, R. Choudry, E. Rodriguez, J. Diehl, and D. Marelli
- 601 New graft formulation and modification of the David reimplantation technique** 
T. G. Gleason
- 603 Percutaneous repair of an ascending aortic pseudoaneurysm with a septal occluder device**
C. B. Komanapalli, G. Burch, U. Tripathy, M. S. Slater, and H. K. Song
- 605 Surgicel Nu-Knit hemostat for bleeding control of fragile sternum**
H. Mair, I. Kaczmarek, M. Oberhoffer, J. Groetzner, S. Daebritz, and B. Reichart
- 607 Lung hernia after en bloc cervicothoracic resection**
M. Gupta, J. Cohen, and M. Sukumar
- 609 Recurrent hamartoma at the trocar incision site after video-assisted thoracic surgical resection**
C. Ludwig, B. Passlick, and E. Stoelben
- 610 Large cell carcinoma arising in bronchogenic cyst**
M. Jakopovic, Z. Slobodnjak, S. Krizanac, and M. Samarzija
- 612 A giant anterior mediastinal teratoma presenting as orthopnea and dysphagia in an adult**
V. Golash
